

How to Wipe A Blackberry Device

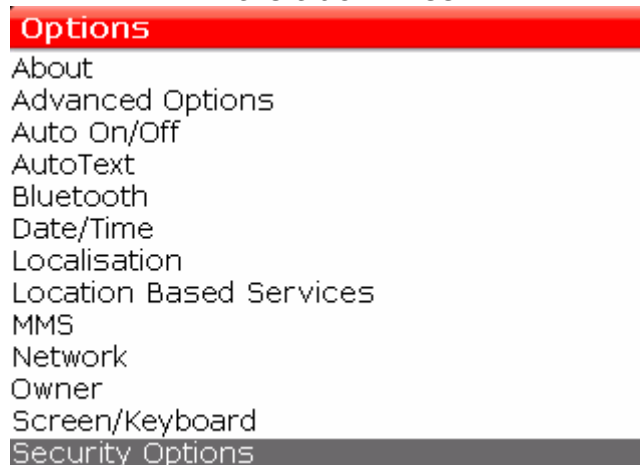

Overview

This guide explains how to wipe all the information on your Blackberry handheld

1. On the home screen of your blackberry, Click **SETTINGS**. Please note: Depending on your device theme, this menu may also be called options.

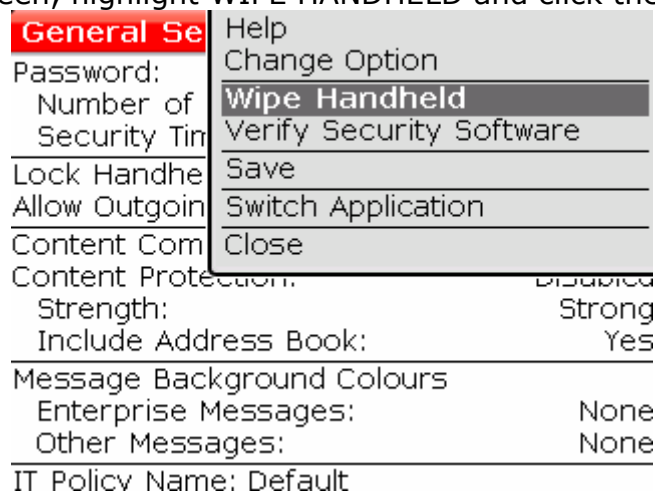

2. Once you are within **SETTINGS**, Highlight **SECURITY OPTIONS** and click the track wheel.

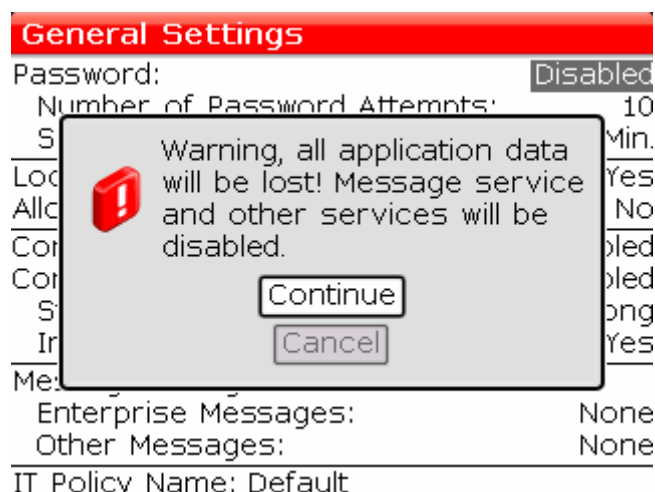

3. Once you are within **SECURITY OPTIONS**, Highlight **GENERAL SETTINGS** and click the track wheel.

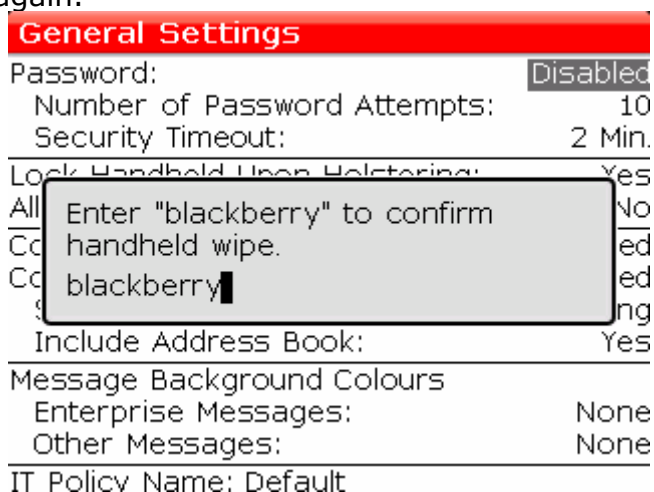

- Once you are within GENERAL SETTINGS, click the track wheel to bring up the menu screen, highlight WIPE HANDHELD and click the track wheel.

- You will be asked to confirm that you want to wipe your device. Click CONTINUE.

- You will be asked again to confirm that you wish to wipe your device, by typing in the word "blackberry". Once you have typed this in, click the trackwheel again.

- Your device will begin to wipe
